# Assistance in classifying goods

To classify goods correctly is not an easy process, so the European Commission has begun an ambitious database project called CLASS consultation to make the process simpler.

The objective of the project is to help the tariff classification process by providing the main classification tools in one place to reduce the number of differences in classification.

# Tools

The objective of the CLASS is to bring together the main classification tools in one place.

Classification conclusions of the European Commission Customs Code Committee (abbr. CCC Conclusion) concerning the classification of certain goods;

European Commission regulations concerning the classification of certain goods (abbr. Classification Regulation);

Rulings of the Court of Justice of the European Union concerning the classification of certain goods (abbr. ECJ Ruling).

The screenshot shows a web browser window displaying the 'CLASS Consultation' page. The browser's address bar shows the URL <https://webgate.ec.europa.eu/class-public-ui-web/#/search>. The page header includes the European Commission logo and the text 'TAXATION AND CUSTOMS UNION'. The main content area is titled 'CLASS Consultation' and contains two main sections: 'Consultation Information' and 'Classification Information'. The 'Consultation Information' section includes a 'Simulation Date' field with the value '10/02/2021', an 'Information Type' section with checkboxes for 'Classification Documents', 'CN Notes', and 'TARIC Information' (all checked), and a 'Free Text' field. The 'Classification Information' section includes a 'Document Reference' field, a 'Classification Information Type' section with checkboxes for 'CCC Conclusion', 'Classification Regulation', and 'ECJ Ruling' (all unchecked), and a 'Document Publication Date' section with 'From' and 'To' date pickers. There is also a 'Document Validity Period' section with 'From' and 'To' date pickers. The page is displayed in English, as indicated by the language selector in the top right corner.
